As at September 30, 2015 the Bank's Advances were Rs.2,98,066 crores and Deposits stood at Rs.3,24,101 crores. As at September 30, 2015, the Bank had a network of 2,743 domestic branches and extension counters and 12,352 ATMs spread across India.

In addition to the Bank's growing branch and ATM network, the Bank also offers telephone banking in various cities, as well as internet banking and mobile telephone banking. These and other resources give the Bank the capability to deliver a broad range of banking products through multiple delivery channels that enhance convenience for customers. As at September 30, 2015, the Bank also had seven overseas offices with branches in Shanghai, Singapore, Hong Kong, the DIFC, Colombo and representative offices in Dubai and Abu Dhabi. The Bank also has a wholly owned overseas subsidiary named as Axis Bank UK Limited in United Kingdom. The Bank's foreign branches primarily offer corporate banking, trade finance and treasury and risk management services.

The Bank's core income stream comprises interest income earned on its large and mid-corporate, SME (including corporate agriculture lending) and retail loan (including retail agriculture lending) portfolio, as well as its money-market operations and investment portfolio. The Bank also earns fee and commission income from the processing of loans, documentary credits, bank guarantees, placements and syndication, cash management services, advisory services, depository services, capital market services, ATM interchange and cards, remittance, wealth management and sale of third party products. The Bank also earns trading profit from proprietary trading in investments, foreign exchange and derivatives. The Bank's expenses consist of interest and non-interest expenses. The Bank's major non-interest expenses include staff cost, occupancy cost (including rent for office premises, repair and maintenance), depreciation and other administrative costs.

The Bank obtained its certificate of incorporation on 3rd December 1993 and its certificate of commencement of business on 14 December 1993. The Bank began operations by opening its first branch in Ahmedabad on 2nd April 1994 as one of the first private sector banks established under guidelines issued in 1993 by the RBI in line with the Government's policy to reform India's financial sector. The Bank was renamed as "Axis Bank Limited" and the certificate of incorporation consequent to the name change was obtained on 30th July 2007.

The Bank's principal business activities are divided into two segments, Banking Operations and Treasury.

Banking Operations include products and services in the areas of Corporate Banking and Retail Banking. Under Corporate Banking, the Bank offers various loan and fee-based products and services to large corporations, MSMEs Mid-Corporate and to the agriculture sector. These products and services include cash credit facilities, demand and short-term loans, project finance, export credit, factoring, channel financing, structured products, discounting of bills, documentary credits, guarantees, foreign exchange and derivative products, cash management services, warrant payment services, cross-border trade and correspondent banking services and tax collections on behalf of the Government and various State governments in India. Liability products including current accounts, certificate of deposits and time deposits are also offered to corporate clients. The Bank also offers various Capital Markets related services such as loan syndication and placement, advisory services, depository services, custodian of securities, clearing and settlement services to stock and commodity exchanges.

Business Banking offers transaction banking services, as well as current accounts for businesses and central Government and state government agencies. Investment Banking offers fee-based services such as equity capital markets and mergers and acquisitions advisory services, depository services, clearing and settlement services to stock and commodity exchanges and debenture trusteeship services.

Retail Banking offers a variety of liability and asset products and services to retail customers. Liability products include savings accounts, time deposits and customised products for certain target groups such as high net worth individuals, senior citizens, defence personnel, students and salaried employees. Retail asset products include home loans, personal loans, auto loans, consumer loans, educational loans as well as security-backed loans of various types. The Bank also offers other products and services such as debit and travel currency cards, financial advisory services, bill payment services and wealth management services. The Bank also markets third party products such as mutual funds and Government savings bonds. A wide range of liability and asset products and services are also offered to NRIs.

The Treasury department manages the funding position of the Bank and also manages and maintains its regulatory reserve requirements. The Treasury department also invests in sovereign and corporate debt instruments, undertakes proprietary trading in equity and fixed income securities and foreign exchange. The Treasury department also undertakes investments in commercial paper, mutual funds and floating rate instruments as part of the management of short-term surplus liquidity. A wide range of treasury products and services are also offered to corporate customers, including derivative instruments such as forward contracts, interest rate swaps, currency swaps and foreign currency options, as well as services such as loan syndication and placement.

Overview of Operations

RETAIL BANKING

The Retail Banking segment is one of the key drivers of the Bank's growth strategy, encompassing a wide range of products delivered through multiple channels to its customers. The Bank today offers a complete suite of products across deposits, loans, investment solutions, payments and cards to its customers. The Bank is committed to developing long-term relationships with its customers by providing high-quality services and products through regular customer engagement in an easy and convenient manner. During the year, the Bank engaged in 'Lakshya', a retail banking transformation initiative, which is currently live in more than 1,100 branches, comprising around 80% of the Bank's low-cost deposit business. Various initiatives under the Lakshya program have helped increase sales productivity and operational efficiency while at the same time focusing on increasing customer satisfaction and improving employee work life balance. The Bank has over the years built its retail deposit franchise by pursuing a very robust and effective customer segmentation strategy. During the year, the Bank continued to focus on increasing its retail deposits base, particularly demand deposits. Savings Bank deposits have grown at a Compounded Annual Growth Rate (CAGR) of 24.67% over the last five years.

Retail Lending (including Retail Agriculture Lending) & Payments

The growth of retail and consumer lending in India is a consequence of growing affluence and changing consumer behaviour. This growth is evidenced by the utilisation of credit for consumer asset acquisition. The Bank has identified this activity as one of its core growth areas. The Bank's focused marketing approach, product innovation, risk management systems and competent back-office processes contribute to the strength of the Bank's retail lending strategy. The target markets identified for retail loans are salaried or self-employed professionals and other self-employed individuals, HUFs, trusts, firms, private limited and public limited companies. During the year, the Bank reorganised the agricultural lending business and merged the retail portion of agricultural advances with the existing portfolio of retail loans, while non-retail agricultural loans were merged with the SME segment. With the alignment of retail agricultural lending with retail lending, the Bank intends to service rural customers with all their financial needs as - both agriculturists and customers. This strategy also allows the Bank to fully leverage its distribution network. The Bank offers a diverse range of templated products targeted at its agricultural loan customers, including the "Kisan Credit Card" (credit facilities extended to farmers for various requirements), loans for farmers against pledges of gold ornaments, a comprehensive scheme for warehouse receipt financing and cattle loans. As at 31 March 2015, the agriculture business of the Bank was operated through 1,222 branches attached to 75 area offices, which facilitated the Bank's growth in the agricultural lending sector. In order to provide a strategic focus on agricultural lending, the Bank has adopted an area-centric approach to agricultural lending, in areas the Bank considers agriculture-intensive and where a potential market exists for the Bank's agriculture finance. This initiative aims to help the Bank in scaling up its direct lending services.

The Bank offers a variety of retail credit products such as mortgage loans, automobile loans, commercial vehicle loans, personal loans, education loans, credit cards, loans against time deposits, loans against securities, and agriculture loans. The major components of the Bank's retail lending portfolio are home and mortgage finance, agriculture loans, personal loans and automobile finance. As at 31st March 2015, 2014 and 2013, the Bank's net retail loan portfolio was Rs.1,119.32 billion, Rs. 744.91 billion and Rs. 539.60 billion respectively, constituting 39.82 per cent, 32.38 per cent. and 27.40 per cent., respectively, of the Bank's net loan portfolio.

These loans are provided by the Bank directly through asset sales centres in metropolitan areas and major cities of India and through branches in cities where the Bank does not have an asset sales centre. The asset sales centres serve as the focal point for marketing, distribution and servicing of retail loan products.

CORPORATE CREDIT

The sustained slowdown in economic growth especially deceleration in the momentum of investments has reflected in the corporate sector loan growth. Certain initiatives taken by the Government during the year resulted in a minor uptick in the execution of the existing projects; however demand and growth of credit remained subdued. The corporate credit portfolio of the Bank comprising of advances to large and mid-corporates (including infrastructure) grew by 23.42% to Rs. 126,184 crores from Rs. 102,238 crores last year. The relationship model introduced in earlier years, maintained its focus on increasing the Bank's wallet share by cross-selling a wide range of banking products to corporate customers and thereby increasing customer engagement. The Bank continued its focus on trade finance, treasury and other fee-based businesses. The Bank has been following a sectoral approach to credit where the focus is on identifying sector-specific opportunities and risk. The tracking of industry, group and company specific exposure limits are undertaken continuously with a view to identify and mitigate risk so as to facilitate proactive decision making. Portfolio diversification is also ensured through this continuous monitoring. The Bank continued to retain its leadership position in the loan syndication market and syndicated an aggregate amount of Rs.15,930 crores of Rupee loans and USD 1.55 billion of foreign currency loans during the year.

TREASURY

The Bank has an integrated Treasury business covering Asset Liability Management (ALM), Investments, Capital Markets, Global Markets and Trade Finance. The ALM group manages regulatory reserve requirements, asset-liability mismatches and interest rate sensitivities of the Bank's portfolio, and liquidity for the domestic operations and foreign branches across different geographies. Investments group includes SLR and Non-SLR investments. The interest rate trading team plays an important role in the sovereign debt market, corporate debt market through participation in primary auctions of RBI, PSU bond issuances and secondary market activities in fixed income securities and equities.

The major activities of Debt syndication are:

- i. placement and syndication in the form of local currency bonds, Rupee and foreign term loans and external commercial borrowings;
- ii. assessment of client debt profiles and funding requirements; and
- iii. advice on various instruments and structures, pricings and timings for taking the instrument to market.

The Bank has developed strong relationships with investors and issuers, including other banks, financial institutions, mutual funds and provident funds, and foreign institutional investors. The Bank is active in the domestic debt market and syndicated approximately 229.96 billion domestically and approximately U.S.\$2.12 billion in the international market during the year ended 31 March 2014. During the year ended 31 March 2015 the Bank syndicated approximately 159.3 billion domestically and approximately U.S.\$1.55 billion in the international market.

The Bank is a leading adviser and arranger for domestic corporate bonds issuance in India. In fiscal 2015, the Bank arranged 1,784.38 billion bonds and debentures for various PSUs and corporates. The Bank has been ranked number one in the Bloomberg league table for domestic corporate bonds in India for seven consecutive calendar years and was also ranked number one mobiliser by PRIME Database for fiscal 2015.

In 2015, the Bank won awards for the "Best Debt House – India" from Euromoney, "Best DCM House – India" from Finance Asia and "Best Debt House – India" from Asia Money.

While the Bank continues to handle the debt syndication activities described above, the investment banking activities relating to equity capital markets, mergers and acquisitions, and private equity advisory business are now conducted by the Bank's wholly-owned subsidiary, ACL. See "– Subsidiaries" below.

Forex Trading Group - Global Markets is a major participant in the foreign exchange and derivatives market. The Bank has established itself as one of the leading banks providing foreign exchange and derivative solutions to its clients. The Bank has been awarded the Best Bank by Euromoney in their 2014 FX Survey under three distinct categories: 'Best Bank for Emerging Market Currencies Trading, Spot/Forward', 'Best Bank for Emerging Market Options, Trading Strategies & Ideas', and 'Best Bank for Asian Currencies'.

The Global Financial Institutions Division (GFID) within Treasury is responsible for fostering business relationships with financial institutions (FI) across geographies and facilitates institutional fund raising and trade finance. The Global Trade Service Division (GTSD) is entrusted with the responsibility of transforming Trade Finance business into a key flow business for the Bank by providing trade solutions for corporates as well as the FI clients of the Bank. The Customer Trade and Forex Group (CTFG), as part of Treasury, drives cross-border forex flows, remittances, capital account transactions and derivatives from all segments of corporate relationships through its dedicated and experienced Relationship Managers positioned across the Bank. Treasury has taken steps to enhance the digital connect with clients by providing Trade Portal and Fx Connect for booking online trade and forex transactions.

The Transaction Banking team (TxB) was created on 1 April 2015 to provide integrated products and services to customers in the areas of current account, cash management services, capital market services, trade and forex. It was formed by reorganisation of the erstwhile Business Banking Department and relevant teams of the Treasury Department namely Customer Trade and Forex Group (excluding Derivative Sales team), Global Trade Services Division, Capital Markets Division and Systems & Procedures (Trade and Forex) teams. It is divided into the Sales Group, Products and Solutions Group and Customer Services Group.

Sales Group: This team focuses on driving sales across all customer segments, primarily of transaction banking products. The Sales Group is further organised based on customer-segment, namely (i) Corporate and Financial Institutions, (ii) Branch Banking, and (iii) Government Business.

Corporate and Financial Institution Group: This team primarily services the large and medium-sized corporates and financial institutions. The Branch Banking team focuses on leveraging the Branch network and meeting the transaction banking requirements of clients with a primary sales focus on small- and medium-sized enterprises, corporate agricultural and emerging enterprises group clients. The Government Business team is responsible for providing the transaction banking services to various Government ministries and departments, and Governments and union territories.

Products & Solutions Group: This team is responsible for improving customer experience and supporting the sales teams in client or product pitches as needed. This includes separate teams for key transaction banking products and solutions in areas such as current account, cash management services (CMS), trade and forex, tax and Government products as well as teams for managing portfolios and analytics, the learning academy and business compliance. The group has product specialists in CMS and trade and forex across regions to disseminate product knowledge.

practices to the relationship managers. Custody, corporate demat and capital market services also form part of this group.

Customer Service Group: This team is responsible for servicing customers for primarily trade and forex and CMS. The team has been formed by restructuring the existing field/branch staff from TBCs, trade and foreign exchange operations (excluding Trade Finance Centre), GTSD – service relationship managers and trade service group and government business nodal officers.

Delivery Channels

The Bank distributes its products and services through various access points ranging from traditional bank branches to ATMs, call centres for telephone banking, mobile banking and the Internet. The Bank's channel migration effort is aimed at reducing costs while enhancing customer satisfaction levels by providing customers access to their accounts at all times.

LENDING TO SMALL AND MEDIUM ENTERPRISES

The Small and Medium Enterprises (SME) business thrives on relationship building and nurturing the entrepreneurial talent available. The Bank extends working capital, term loan, project finance as well as trade finance facilities to SMEs. This segment has been identified as one of the key growth areas for the Bank.

Keeping in mind the changing economic environment, the Bank has enhanced its risk management capabilities by developing an 'early warning system' model based on holistic customer information. The Bank has also adopted a granular approach in growing the SME portfolio by focussing primarily on better rated SME accounts. Incremental loan growth in SME is mainly driven by higher rated SME 1 to 3 categories which correspond to a single 'A' rating. The loan book remained well diversified and carried lower concentration risk with 80% of the outstanding loans being rated between SME 1 and SME 3. The SME business continues to perform well and the portfolio behaviour remained healthy.

The Bank also sponsors and supports initiatives and trade fairs to encourage SME growth. The Bank was a 'Presenting Partner' at Chennai, Ludhiana, Indore and Ahmedabad for Engineering Expos 2013, India's Largest SME Gathering on Manufacturing & Engineering. On the operational efficiency front, the Bank has implemented lean processes in the dealer finance business which has helped the Bank in significantly improving the turn-around time.

Corporate Agriculture Lending

The RBI requires the Bank to lend 18 per cent. of its adjusted net bank credit of the previous year to the agricultural sector. In light of future business prospects in the Indian agricultural and related sectors, the Bank has identified agricultural lending as an area of potential growth.

The Bank re-organised the agricultural lending business and merged the non-retail portfolio of agricultural advances with the SME business, while retail portfolio was merged with the existing portfolio of retail loans. The Bank offers schemes for financing the agricultural value chain participants such as agro-processing units and agricultural service providers. In addition, the Bank has established relationships with various companies and cooperatives in the plantation, poultry and seed sectors to meet their project financing and working capital requirements.

The Bank's strategy in agricultural lending is based on a comprehensive view of the agricultural value chain, a focus on diversification, and partnerships with other companies in the agricultural sector, microfinance and other rural institutions and non-governmental organisations (NGOs) that have close links to the agricultural sector. The Bank has also devised a separate risk evaluation model for agricultural loans with an objective to measure and mitigate the risk involved in financing this sector. The Bank also utilises the services of business correspondents in select areas to expand its reach in areas unserved or underserved by the banking industry.

There has been considerable improvement in the rural infrastructure in select areas in India in recent years. The Bank's agricultural financing initiatives are largely focused on such regions where the need for credit has consequently increased. The Bank intends to develop its agricultural lending business by:

- offering suitable products to various members in the supply chain in the agriculture business (such as warehouses and cold storage units); and
- leveraging the Bank's technology platform to distribute its products and services conveniently and cost-effectively in rural areas.

For the year ended 31 March 2015, the SME, including corporate agriculture lending, recorded fee income of Rs. 3,658.80 million, an increase of 14.29 per cent from Rs. 3,201.30 million in fiscal 2014.

The Bank's SME business segment emphasises relationship building and nurturing of entrepreneurial talents. Loans to SMEs (including corporate agriculture lending) increased by 7.96 per cent. from ₹398 billion as at 31 March 2014 to ₹429.67 billion as at 31 March 2015. The SME segment continues to focus on increasing fee income through non-fund-based advances.

Credit Selection Strategy and Pricing Policy

The credit selection strategy and pricing policy used in the SME including the corporate agriculture segment follow substantially the same procedures as those used for the corporate relationship segment. See "Corporate Relationship Group – Credit Selection Strategy" and "Corporate Relationship Group Banking – Pricing Policy".

Financial Inclusion

Financial Inclusion (FI) remains a key driver in the Bank's strategy to extend its reach in the rural market. The Bank's Financial Inclusion initiatives gathered momentum and scale this year with the Bank opening around 16 lac basic savings bank accounts through its branches and Business Correspondent (BC) network. The Bank now has a FI customer base of around 89.8 lac customers being serviced through a network of 575 rural branches and more than 53,000 BC agents spread over more than 18,004 villages. The Bank was the first amongst all banks to launch the facility of account opening this year for the FI customers in a paperless and near instant fashion through the BC channel via the e-KYC route and has opened more than 1.19 lac accounts through this route in just one district (Adilabad) of A.P. The Bank has handled close to 22.8 lac AEPS (Aadhaar Enabled Payment System) transactions amounting to Rs. 126 crores during 2014-2015. The Bank has actively participated in the Pradhan Mantri Jan Dhan Yojana (PMJDY) and successfully covered the Sub Service Areas (SSA) and Wards allocated to the Bank with the help of its branches and Business Correspondents.

INTERNATIONAL BANKING

The international operations of the Bank continue to be at the core of its strategy to expand the horizon of the product offerings, and delivery channels to various geographies and across client segments, covering a wide spectrum of retail and corporate banking solutions. During the year, the Bank expanded its overseas branch network by upgrading its representative office in Shanghai into a branch. The Bank is the first Indian private sector bank to set up a branch in China. Further during the year, the Bank's first overseas banking subsidiary - Axis Bank UK Limited commenced its operations. The Bank now has overseas presence in six countries with network of five branches at Singapore, Hong Kong, DIFC - Dubai, Colombo (Sri Lanka) and Shanghai (China), two representative offices at Dubai and Abu Dhabi and an overseas banking subsidiary in the United Kingdom.

While corporate banking, trade finance, treasury and risk management solutions are the primary offerings through its overseas branches, the Bank also offers retail liability products from its branches at Hong Kong and Colombo. Further, the Bank's Gulf Co-operation Council (GCC) initiatives in the form of representative offices in Dubai and Abu Dhabi and alliances with banks and exchange houses in the Middle East provide the support for leveraging the business opportunities emanating from the large NRI diaspora present in these countries.

OPERATIONS

Transaction Banking Operations

The Transaction Banking Operations (TxBO) is responsible for supervising, monitoring and controlling the wholesale banking operations relating to international trade, retail forex, domestic trade and cash management services of the Bank through centralised knowledge processing centres namely 'Trade Finance Centre', 'Retail Forex & Remittance Centre', 'Domestic Trade Finance Centre' and 'Centralised Collection & Payment Hub', respectively. The state-of-the-art centralised processing centres are located in Mumbai with Hyderabad and Delhi units acting as business continuity centres. TxBO has also centralised the trade finance operations of all overseas branches of the Bank at Trade Finance Centre, Mumbai and is responsible for ensuring compliance with product related regulatory and internal guidelines and efficient customer delivery as per agreed turnaround time to facilitate achievement of business targets.

Central Processing Unit

As part of the Bank's initiative to leverage technology, redefine business processes and deliver quality products to its customers with efficiency and cost effectiveness, the Bank set up a central processing unit in Mumbai in December 2001. The central processing unit opens all liability accounts, retail advance accounts, loan accounts and trade finance accounts for all the branches. It also produces welcome kits, and posts cheque books, debit cards, term deposit receipts and statements of account. A separate team verifies whether the accounts are being opened in compliance with the Bank's KYC procedures, and turnaround time is strictly monitored.

Data Centre and Disaster Recovery System

The Bank's primary data centre is at a co-hosted data centre located in Mahape, Navi Mumbai. The data centre in Mahape is a tier IV data centre and is considered to be in compliance with the highest benchmarking standards applicable to data centres with built-in redundancy composed of multiple active power and cooling distribution paths. The data centre is fault tolerant, providing 99.995 per cent. availability. The Bank also has a hot site disaster recovery data centre in Bangalore that is connected to the main data centre. It has capability to host critical banking applications in the event of a disaster at the primary site. The Bank regularly conducts disaster recovery drills for critical applications to ensure continuity of its operations in the event of disaster.

Operational Controls and Procedures in Branches

An operational framework has been established to ensure that transactions are handled with precision, regularity and efficiency in a risk-mitigating manner. Operational instruction manuals at the branches detail procedures for processing various banking transactions. Amendments to these manuals are implemented through circulars sent to all branches. Any revision in the processes or operating instructions is reviewed by a committee comprising representatives from all functional and business groups. Adherence to these instructions is continuously monitored by both onsite and offsite inspection mechanisms, complemented by an independent internal audit process.

The Bank places great importance on computer security and has adopted an information security policy. Most of the Bank's IT assets, including critical servers, are hosted in a centralised data centre, which is subject to appropriate physical and logical access controls. The core banking software used by the Bank is based on the "maker and checker" concept, whereby no transaction can be initiated and authorised by a single individual. The power to authorise transactions is exercised by officials in accordance with a scheme of delegation of powers, and monetary limits are incorporated as authorisation levels in the software, which validates each payment.

Operational Controls and Procedures for Internet Banking

Internet banking services are provided only in respect of existing customer accounts for which the necessary identity documentation has been obtained prior to providing the customer with a user identity and password to access its account online. The Bank has in place a two-factor authentication system for inter-banking transactions called "NetSecure". As an additional control feature, the Bank has also implemented a risk-based (adaptive) authentication system for all retail Internet banking users.

Operational Controls and Procedures in Regional and Central Processing Centres

The Bank has centralised transaction processing on a nationwide basis for certain transactions at its central processing centres. These transactions include the issue of ATM cards and personal identification number mailers, reconciliation of ATM transactions, mailing of passwords to Internet banking customers, depositing post-dated cheques received from retail loan customers and processing of credit/debit card transactions routed through the Bank's channels. At select centres, the handling of clearing operations and the management of ATMs have also been centralised for better control.

Retail Banking Operations

The Retail Banking Operations (RBO) unit oversees the operations carried out under branch banking with a focus on service delivery, risk containment and regulatory compliance. This unit operates closely with the Retail Liabilities Team as well as with the Control Units and ensures that branch services meet the business objectives along with risk and compliance requirements. It carries out oversight through continuous remote monitoring as well as visits to branches on a periodical basis. It ensures that the branch operations are efficient and plays a valuable role in delivering services to customer at branches.

The Retail Business Processes (RBP) team manages the centralised back-end processing for various activities, such as data processing for new customers, servicing of transactions and reconciliation activities related to retail banking, cards, consumer lending, business banking, depository services, rural and agricultural banking. The team brings efficiencies of scale to the above mentioned business lines. Operations are managed through two National Processing Centers supported by 23 Regional Centers through a hub and spoke network.

Wholesale Banking Operations

Wholesale Banking Operations (WBO) is structured into four key verticals - Treasury Operations, Corporate Banking Operations, Trade and Forex Operations (TFO) and Centralised Collection and Payment Hub (CCPH). These verticals are responsible for providing best-in-class service to non-retail customers of the Bank, while addressing various regulatory requirements and internal compliance.

Treasury Operations carries out the functions of settlement and accounting of treasury-related transactions and operates the centralised electronic payment hubs for RTGS (Real Time Gross Settlement) and NEFT (National Electronic Funds Transfer). Corporate Banking Operations (CBO) ensures delivery, control, monitoring and administration of credit facilities of large corporates, mid corporates, SME and corporate agriculture segments. It also processes domestic trade finance, channel finance and micro finance transactions. CBO operates through Corporate Banking Branches (CBBs) located at 8 major centres, 62 Mini-Credit Management Centres (MCMCs) at Tier II cities and Corporate Credit Operations Hub (CCOH) at Hyderabad and Gurgaon. These units, manned by experienced professionals, are trained to handle corporate credit function in close co-ordination with the business verticals responsible for sourcing and sanction of credit facilities to corporates. The Trade and Forex Operations (TFO) handles remittances and trade finance transaction processing on behalf of distribution channels dealing in trade finance and foreign exchange through 234 'B' category branches and 3 state-of-the-art centralised knowledge processing centres located at Mumbai and Hyderabad. TFO intrinsically has a high level of regulatory requirements, which is effectively addressed by the specialised staff at TFO units. The Centralised Collections & Payment Hub (CCPH) handles payments and collections and operates through 2 units located at Mumbai and Hyderabad. Further, in order to extend operational support and customer hand-holding at the local level, 35 Transaction Banking Centres (TBCs) have been set-up under CCPH, which are manned by skilled resources. CCPH works in close association with the Business Banking team of the Bank, thereby ensuring efficient service delivery coupled with control over operations.

INFORMATION TECHNOLOGY

The Bank's continuous endeavour has been to use technology to further improve the customer's experience while transacting with the Bank. In this regard, it has empowered its relationship managers with a complete 360 degree view of the customer's relationship with the Bank. Thus, it has concisely captured the customers' existing relationship and likely future needs leading to superior service, better business opportunities through higher cross sell using a seamless multi-channel experience. To further the Bank's green initiatives, technology has helped in issuance of Green Pin through ATM and IVR channels for new to bank debit card customers resulting in cost savings in deliverables management. Further, technology has been one of the key contributors in the Bank's launch

currency travel cards. A new and faster platform was implemented to enable foreign exchange money transfers for retail customers. The Bank has also re-vamped its loan system architecture with in-memory computing, a much faster process to achieve higher volumes and faster turnaround time in loan processing. The Bank's Financial Inclusion (FI) initiatives have also benefited from efficient use of technology. Ultra small branches set up to cater to FI customers are enabled with systems for account opening and transaction processing through biometric authentication. FI gateway was setup to integrate BC's (Business correspondent) System to the Core banking System and regulatory bodies such as UIDAI (Unique Identification Authority of India), NPCI (National Payments Corporation of India) to facilitate online authentication and transaction processing. Information Technology has also aided in improving the Bank's services to its corporate clients. An Electronic Payments Hub is being implemented to enable faster processing of large volumes of transactions, which facilitated efficient cash management for corporates.

RISK MANAGEMENT

The risk management objective of the Bank is to balance the trade-off between risk and return, and ensure optimum risk-adjusted return on capital. The risk is managed through a risk management architecture as well as through policies and processes approved by the Board of Directors encompassing independent identification, measurement and management of risks across the various businesses of the Bank. An independent risk management function ensures that the Bank operates within the Board approved risk appetite. The risk management function in the Bank strives to proactively anticipate vulnerabilities at the transaction as well as at the portfolio level, through quantitative or qualitative examination of the embedded risks. The Bank continued to focus on refining and improving its risk measurement systems not only to ensure compliance with regulatory requirements, but also to ensure better risk-adjusted return and optimal capital utilisation, keeping in view its business objectives.

The Risk Management Committee (RMC), a committee constituted by the Board, approves policies related to risk and reviews various aspects of risk arising from the businesses undertaken by the Bank. The Committee of Directors (COD) and the Audit Committee of the Board (ACB) supervises certain functions and operations of the Bank, which ultimately enhances the risk and control governance framework within the Bank. Various senior management credit and investment committees, Credit Risk Management Committee (CRMC), Asset-Liability Committee (ALCO), Operational Risk Management Committee (ORMC) and Subsidiaries Risk Management Committee (SRMC) operate within the broad policy framework of the Bank.

Credit Risk

Credit risk is the risk of financial loss if a client, issuer of securities that the Bank holds or any other counterparty fails to meet its contractual obligations. Credit risk arises from all transactions that give rise to actual, contingent or potential claims against any counterparty, borrower or obligor. The goal of credit risk management is to maximise the Bank's risk-adjusted rate of return on capital by maintaining targeted asset quality and managing the credit risk inherent in individual exposures as well as at the portfolio level. The emphasis is placed, both on evaluation and containment of risk at the individual exposures and analysis of the portfolio behaviour.

The Bank has a structured and standardised credit approval processes, including a well-established procedure of comprehensive credit appraisal. Every extension of credit facility or material change to a credit facility to any counterparty requires credit approval at the appropriate authority level. Internal risk rating remains the foundation of the credit assessment process, which provides standardisation and objectivity to the process. All sanctioning processes including the delegation of powers are linked to the ratings and the sizes of the exposure. The monitoring frequency applicable to the exposure also depends on the rating of the exposure.

Market Risk

Market risk is the risk of losses in 'on and off-balance sheet' positions arising from the movements in market price as well as the volatilities of those changes, which may impact the Bank's earnings and capital. The risk may pertain to interest rate related instruments (interest rate risk), equities (equity price risk) and foreign exchange rate risk (currency risk). Market Risk for the Bank emanates from its trading and investment activities, which are undertaken both for the customers and on a proprietary basis. The market risk management framework of the Bank aims at maximising the risk adjusted rate of return by providing inputs regarding the extent of market risk exposures, the performance of portfolios vis-à-vis the risk exposure and comparable benchmarks. The Bank adopts a comprehensive approach to market risk management for its banking book as well as its trading book for both its domestic and overseas operations. The market risk management framework of the Bank provides necessary inputs regarding the extent of market risk exposures, the performance of portfolios vis-à-vis the risk exposure and comparable benchmarks which assists in maximising the risk-adjusted rate of return of the Bank's trading and investment portfolio.

Liquidity Risk

The Asset Liability Management Policy of the Bank stipulates broad framework for liquidity risk management to ensure that the Bank is in a position to meet its daily liquidity obligations as well as to withstand a period of liquidity stress from, bank-wide factors, market-wide factors or a combination of both.

The liquidity profile of the Bank is analysed on a static as well as on a dynamic basis by using the gap analysis technique supplemented by monitoring of key liquidity ratios and conduct of liquidity stress tests periodically. The liquidity position is monitored for both domestic as well as overseas operations. The Bank has laid down liquidity risk policies for its overseas branches in line with host country regulations and the asset-liability management framework as stipulated for domestic operations. Periodical liquidity positions and liquidity stress results of overseas branches are reviewed by the Bank's ALCO.

RBI has released draft guidelines on liquidity risk management and the Basel III framework on liquidity standards.

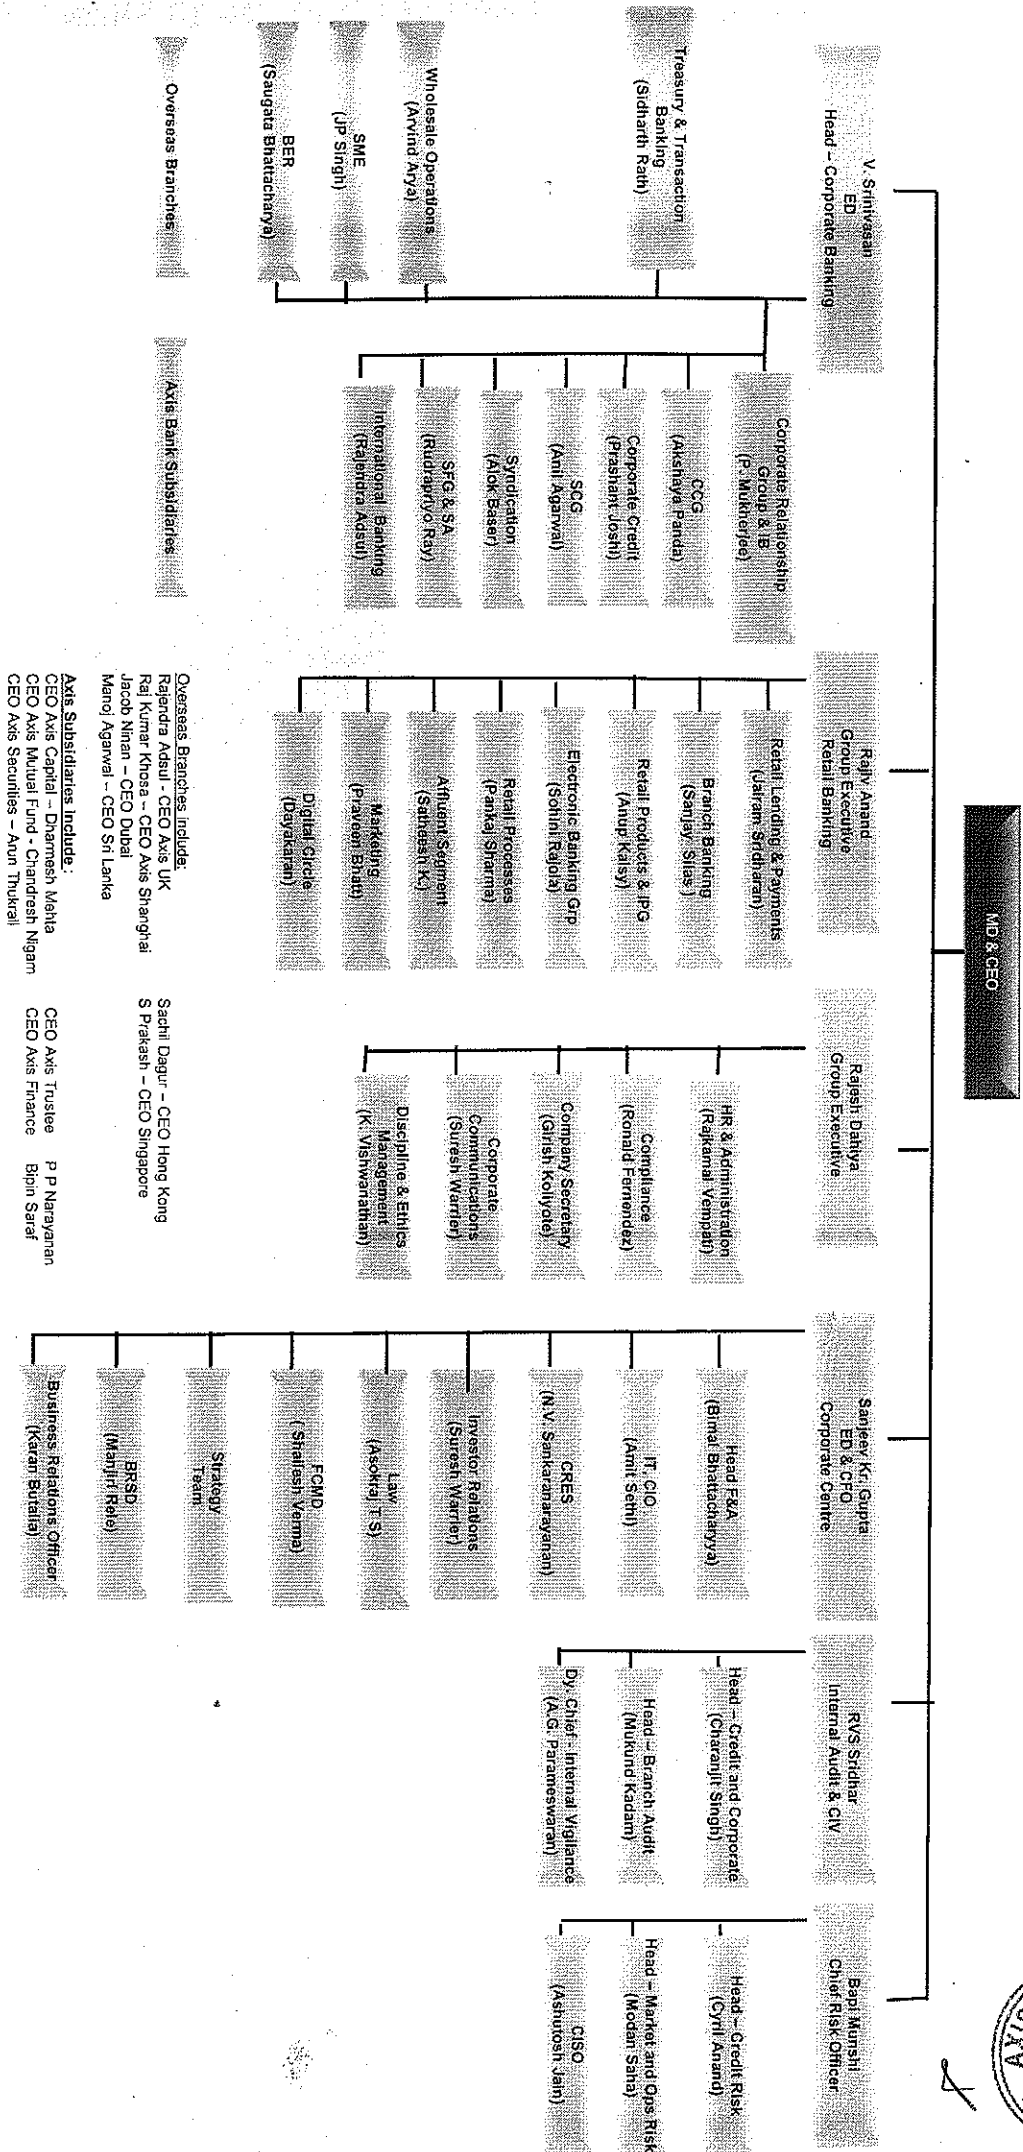

Operational Risk

Operational risks may emanate from inadequate and/or missing controls in internal processes, people and systems or from external events or a combination of all the four. The Bank has in place an Operational Risk Management (ORM) Policy to manage the operational risk in an effective, efficient and proactive manner. The policy aims at assessing and measuring the magnitude of risks, monitoring and mitigating them through well-defined framework and governance structure. The RMC at the apex level is the policy making body and is supported by the Operational Risk Management Committee (ORMC), responsible for the implementation of the Operational Risk framework of the Bank and the management of operational risks across the Bank. A sub-committee of the ORMC, Sub-ORMC has been constituted to assist the ORMC in discharging its functions. All new products and processes are subjected to risk evaluation by the Bank's Product Management Committee and Change.

iv. **A BRIEF HISTORY OF THE ISSUER SINCE ITS INCORPORATION GIVING DETAILS OF ITS ACTIVITIES INCLUDING ANY REORGANIZATION, RECONSTRUCTION OR AMALGAMATION, CHANGES IN ITS CAPITAL STRUCTURE, (AUTHORIZED, ISSUED AND SUBSCRIBED) AND BORROWINGS, IF ANY.**

The Bank obtained its certificate of incorporation on December 3, 1993 and its certificate of commencement of business on December 14, 1993. Its first branch was opened at Ahmedabad in April 1994. The Bank was renamed as "Axis Bank Limited" and the certificate of incorporation consequent to the name change was obtained on July 30, 2007.

The Bank began its operations on 2nd April 1994 as one of the first private sector banks established under guidelines issued in 1993 by RBI in line with the Government's policy to reform India's financial sector. The Bank's entire initial equity capital of Rs.1 billion was contributed by UTI-I (previously Unit Trust of India). Subsequently, LIC contributed Rs.75 million and GIC, together with four Government-owned general insurance companies, contributed Rs.75 million.

The Bank's equity capital was on stock exchange through an Initial Public Offering in September 1998. In March 2005, the Bank issued its first Global Depository Receipts (GDRs) to overseas investors. Each GDR represents one equity share of the Bank. The GDRs are listed on the London Stock Exchange.

The shareholders of the Bank at 20th Annual General Meeting held on 27th June, 2014 approved the change in face value of the shares. Accordingly, each existing Equity Share of the Bank having a face value of Rs. 10/- each has been sub-divided into 5 (Five) Equity Shares having face value of Rs. 2/- each fully paid up w.e.f. 30th July, 2014 being the record date. Consequently, the ratio of the Bank's GDR to equity shares has been revised from one GDR representing one underlying equity share of the Bank to one GDR representing five underlying equity shares of the Bank.

The Bank at present has following subsidiaries namely;

1) Axis Private Equity Limited (APE)

Axis PE was incorporated in India as a wholly-owned subsidiary of the Bank on 3rd October 2006 and received its certificate of commencement of business on 4th December 2006. xiii. UNDERTAKING TO USE A COMMON FORM OF TRANSFER

The transfer of Debentures in dematerialized form would be in accordance with the rules/procedures as prescribed by NSDL / CDSL / Depository Participant.

"The NCDs issued under this Issue would only be in dematerialized form. No request for issue of physical certificates in lieu of the dematerialized NCD can be accepted.

Pursuant to listing of NCDs on Stock Exchanges, trading in the NCDs will only be allowed in the compulsory demat segment. Since the market lot will be one NCD and are being issued only in dematerialized form, no odd lots will arise either at the time of issuance or at the time of transfer of the NCDs. However, the issuer undertakes to stipulate a common transfer form for physical holdings, if at any time NCDs in physical form come into existence due to exercise of a rematerialisation option provided by the Depository to any Investor."

In case of applications by Mutual Funds, a separate application must be made in respect of each scheme of an Indian Mutual Fund registered with SEBI and such applications will not be treated as multiple applications, provided that the

application made by the Asset Management Company/ Trustees/ Custodian clearly indicate their intention as to the scheme for which the application has been made.

APPLICATION BY PROVIDENT FUNDS, SUPERANNUATION FUNDS AND GRATUITY FUNDS

The applications must be accompanied by certified true copies of (I) Trust Deed/Bye Laws/Resolutions, (ii) Resolution authorising investment and (iii) specimen signatures of the authorised signatories. Those desirous of claiming tax exemptions on interest on application money are compulsorily required to submit a certificate issued by the Income Tax Officer along with the Application Form. For subsequent interest payments, such certificates have to be submitted periodically.

TAX DEDUCTION AT SOURCE

In terms of Section 193 of Income Tax Act, 1961 tax has to be deducted at source from the interest on securities at the rates prescribed. Further, the proviso to the said Section 193 enlists the securities where tax need not be deducted at source.

Finance Act 2008 has inserted clause (viii) under the proviso to Section 193, which reads as under:

"Any interest payable on any security issued by a company, where such security is in dematerialized form and is listed on a recognized stock exchange in India in accordance with the Securities Contracts (Regulation) Act, 1956 and rules made thereunder."

The amendment, which is effective 1st June 2008, will have following implications:

- Taxes will not be deducted at source by the Bank from interest paid on Debentures, which are listed on the recognized stock exchanges and held in dematerialised form by investors.

However in future, if there is any change in Income Tax Act, 1961, or any other statutory modification or reenactment thereof which requires to deduct tax at source (TDS) then bank will be deducted TDS at source. For seeking TDS exemption/ lower rate of TDS, relevant certificate(s)/ document(s) must be lodged 30 days before the coupon date or 31st March whichever is earlier, each financial year. Tax exemption certificate on interest on application money, should be submitted along with the Application Form. Where any deduction of Income Tax is made at source, the Bank shall send to the Debentureholder(s) a Certificate of Tax Deduction at Source. Those desirous of claiming tax exemptions on interest on application money are required to submit a certificate, if any, issued by the Income Tax Officer or a declaration / other document conforming tax exemption along with the Application Form

Debentureholder(s) should also consult their own tax advisers on the tax implications of the acquisition, ownership and sale of these Debentures and income arising thereon.

SUCCESSION

In the event of winding-up of the holder of the Debentures (s), the Bank will recognize the executor or administrator of the concerned debenture-holder(s), or the other legal representative as having title to the Debenture(s). The Bank shall not be bound to recognize such executor or administrator or other legal representative as having title to the Debentures(s), unless such executor or administrator obtains probate or letter of administration or other legal representation, as the case may be, from a Court in India having jurisdiction over the matter.

The Bank may, in their absolute discretion, where they think fit, dispense with production of probate or letter of administration or other legal representation, in order to recognize such holder as being entitled to the Debenture (s) standing in the name of the concerned debenture-holder on production of sufficient documentary proof or indemnity.

PROCEDURE FOR APPLICATION AND MODE OF PAYMENT

This being a Private Placement Offer, investors who have been addressed through this communication directly only are eligible to apply.

DISCLAIMER CLAUSE

This Disclosure Document is neither a prospectus nor a statement lieu of prospectus and does not constitute an offer to the public to subscribe for or otherwise acquire the Debenture issued by the Bank (Issuer). Apart from this Disclosure Document, no offer document or prospectus has been prepared in connection with this Issue and no prospectus in relation to the Issuer or the Debentures relating to this Offer has been delivered for registration nor such a document is required to be registered under the applicable laws. This Disclosure Document is issued by the Bank and has been prepared by the Bank to provide general information on the Bank and does not purport to contain all the information a potential investor may require. This information relating to the Bank contained in the Disclosure Document is believed by the Bank to be accurate in all respects as of the date hereof.

DECLARATION

It is hereby declared that this Disclosure Document contains full disclosure in accordance with Securities and Exchange Board of India (Issue and Listing of Debt Securities) (Amendment) Regulations, 2012 dated October 12, 2012.

The Issuer also confirms that this Disclosure Document does not omit disclosure of any material fact, which may make the statements made therein, in the light of the circumstances under which they are made, misleading. The Disclosure Document also does not contain any false or misleading statement.

The Issuer accepts no responsibility for the statements made otherwise than in this Disclosure Document or in any other material issued by or at the instance of the Issuer and that any one placing reliance on any other source of information would be doing so at his own risk.
